Professional Summary

Strategic Program Leader with extensive experience architecting and executing large-scale system implementation and migration programs across banking, manufacturing, and technology sectors. Proven ability to define end-to-end cutover strategy, lead enterprise-level go-lives, and drive post-implementation stabilization to achieve full business adoption. Delivered China's first complete global-system rollout — owning the full lifecycle from gap analysis and contingency planning through parallel run to hypercare — with the deployment model subsequently adopted as a global replicable template. Consistently engaged at senior leadership level (reporting to COO), producing steering-committee ready communications and driving cross-functional alignment across business, technology, and third-party teams. Strong track record in complex dependency management, risk mitigation, and BAU integration for multi-workstream programs. Certified PMP, ITIL Foundation.

Work Experience

BPCE ES (Groupe BPCE, France) | IT PM

Nov 2022 – Present

Managed China IT delivery as the sole full-time PM, reporting to COO, owning end-to-end program strategy, execution, and governance

- Architected and led China's first complete rollout of the global ONE Platform — defined the overall implementation and cutover strategy including parallel run planning, worst-case scenario contingency, and post-go-live hypercare operating model. Achieved 100% business utilization within 2 months, becoming the first entity globally to achieve full system rollout
- Deployment strategy adopted as global replicable template by HQ, securing second-phase investment commitment; concurrently drove 70% operational cost reduction roadmap through structured change management
- Served as single point of contact for leadership on strategy and execution, managing complex cross-functional interdependencies across business, local IT, and HQ technology teams; produced steering committee-level communications and status reporting to COO
- Delivered PIPL compliance workstream, maintaining zero compliance violations (3+ years) in regulated banking environment; established structured PM frameworks driving 20-25% efficiency improvement across program lifecycle

NCR Corporation | Program Manager, PMO

Sep 2016 – Nov 2022

Managed \$50M+ IT delivery portfolio across Greater China, with P&L ownership and strategic resource allocation across 15+ concurrent workstreams.

- Led portfolio-level strategic planning and resource prioritization — achieved 3 consecutive years ROI #1 in APAC (\$50M+ portfolio) through rigorous gap analysis, scenario planning, and proactive risk mitigation; engaged stakeholders at VP/director level for strategic alignment
- Drove enterprise-level EPM system rollout in China: defined implementation strategy covering parallel run, data migration contingency, and post-go-live support; 95% user adoption within 3 months, zero data migration incidents

- Led Yum! East China transformation program: 5% warehouse cost savings, 20% labor cost reduction; framework replicated to 3 additional accounts; established Lean Six Sigma Yellow Belt governance — 20+ production releases with zero critical failures

WuXi AppTec | Senior Project Manager, Commercial Operations

May 2015 – Aug 2016

Managed cross-functional projects balancing laboratory data sharing requirements with IP protection standards.

- Integrated multi-lab progress tracking and established feedback mechanisms between business units and clients
- Built Lean Six Sigma Yellow Belt project framework for structured problem-solving
- Coordinated cross-functional stakeholders across R&D, operations, and client services

Hertz RAC | Customer Care Supervisor

Dec 2011 – Apr 2015

Led customer service team during global merger and integration.

- Developed global collaboration to create first standardized after-sales issue handbook
- Led team function restructuring during M&A: resource planning and KPI redesign
- Established vendor scorecard and SLA analysis framework for supplier performance management
