Professional Summary

Digital Project Manager with extensive experience leading end-to-end digital product development and enterprise platform implementation across multiple sectors. Proven ability to drive full project lifecycle from requirements gathering and product design through change management and post-launch adoption — delivered China's first complete global-system rollout achieving 100% business utilization within 2 months, with the deployment model adopted as a global replicable template. Hands-on experience building and operating AI-powered analysis agents to support content operations and data-driven decision-making. Adept at stakeholder management at senior leadership level (reporting to COO), producing executive-level presentations and steering committee communications. Strong background in AIGC, digital content management tools, and Agile delivery. Certified PMP and Large Model Application Development Engineer.

Work Experience

BPCE ES (Groupe BPCE, France) | IT PM

Nov 2022 – Present

Managed China IT delivery as the sole full-time PM, reporting to COO, owning end-to-end program strategy, execution, and governance.

- Architected and led China's first complete rollout of the global ONE Platform — drove full project lifecycle from requirements gathering and product design through change management to hypercare; achieved 100% business utilization within 2 months, becoming the first entity globally to achieve full system rollout
- Deployment strategy adopted as global replicable template by HQ, securing second-phase investment commitment; concurrently drove 70% operational cost reduction through structured change management and stakeholder alignment
- Built and deployed AI-powered analysis agents to automate project data extraction, content summarization, and cross-session knowledge retrieval — driving 20-25% efficiency improvement across the program lifecycle
- Served as single point of contact for leadership, producing steering committee-level presentations and managing cross-functional dependencies across business, IT, and HQ teams
- Delivered PIPL compliance workstream in regulated banking environment, maintaining zero compliance violations

NCR Corporation | Program Manager, PMO

Sep 2016 – Nov 2022

Managed \$50M+ IT delivery portfolio across Greater China, with P&L ownership and strategic resource allocation across 15+ concurrent workstreams.

- Led portfolio-level strategic planning and resource prioritization — achieved 3 consecutive years ROI #1 in APAC (\$50M+ portfolio) through rigorous gap analysis, scenario planning, and proactive risk mitigation; engaged stakeholders at VP/director level for strategic alignment
- Drove enterprise-level EPM system rollout in China: defined implementation strategy covering parallel run, data migration contingency, and post-go-live support; 95% user adoption within 3 months, zero data migration incidents
- Led Yum! East China transformation program: 5% warehouse cost savings, 20% labor cost reduction; framework replicated to 3 additional accounts; established Lean Six Sigma Yellow Belt governance — 20+ production releases with zero critical failures

WuXi AppTec | Senior Project Manager, Commercial Operations

May 2015 – Aug 2016

Managed cross-functional projects balancing laboratory data sharing requirements with IP protection standards.

- Integrated multi-lab progress tracking and established feedback mechanisms between business units and clients
- Built Lean Six Sigma Yellow Belt project framework for structured problem-solving
- Coordinated cross-functional stakeholders across R&D, operations, and client services

Hertz RAC | Customer Care Supervisor

Dec 2011 – Apr 2015

Led customer service team during global merger and integration.

- Developed global collaboration to create first standardized after-sales issue handbook
- Led team function restructuring during M&A: resource planning and KPI redesign
- Established vendor scorecard and SLA analysis framework for supplier performance management
