## Professional Summary

IT business partner with 14+ years bridging business strategy and technology delivery in global, matrixed organizations. Trusted advisor to business leadership — from sole accountability for China IT at a European banking group to managing a \$50M+ services portfolio across Greater China. Known for securing headquarters investment in competitive cost-allocation models through business-case rigor and cross-entity coalition building. Change and communication leader who drives adoption and makes IT value visible to the business.

## Professional Experience

### BPCE Equipment Solutions (Groupe BPCE) | Shanghai | 2022 – Present

*IT Project Manager / Local Deployment Owner — China*

Sole IT business partner for China operations, owning the full demand-to-value cycle — shaped local IT demand, built business cases within a competitive cost-allocation framework, and governed end-to-end delivery of 3 core systems. Served as primary bridge between China business leadership and European HQ architecture, security, and data protection teams.

Secured global development priority for a small-share market by positioning China's requirements as HQ KPI accelerators and surfacing cross-entity demand synergies. China became the first global entity to achieve full system go-live; the deployment model was adopted as the global template, unlocking Phase-2 HQ investment.

Drove China-side PIPL compliance — delivered PIPIA and end-to-end data mapping in dual-jurisdiction alignment with EU GDPR, sustaining zero-incident regulatory updates across a 2-year rollout. Achieved 100% business utilization within 2 months with zero critical production defects; advanced a 70% operational cost-reduction roadmap.

### NCR Corporation | Shanghai | 2016 – 2022

*Program Manager, Greater China*

Managed a \$50M+ IT delivery portfolio spanning 15+ concurrent projects across Greater China. Ranked #1 APAC ROI three consecutive years (2019–2021) through cross-client demand consolidation, resource optimization, and agile-hybrid delivery.

Led 20+ production releases with zero major deployment failures and zero financial-compliance incidents across a 3-year audit window. Built cross-functional communication channels bridging sales, operations, and engineering teams.

### WuXi AppTec | Shanghai | 2015 – 2016

*Senior Project Manager, Commercial Operations* — Cross-functional project management; balanced laboratory data-sharing requirements with IP protection standards.

### Hertz RAC | Shanghai | 2011 – 2015

*Customer Care Supervisor* — Developed first standardized after-sales service framework through global cross-functional collaboration; led team restructuring during M&A integration.
