Professional Summary

14-year IT program and portfolio manager with a track record of bridging business strategy and technology delivery across MNC matrix organizations. Experienced in shaping IT demand, building business cases, and governing multi-million-dollar initiative portfolios as a trusted advisor to senior business stakeholders (COO/SVP level). Skilled in cross-border system integration, dual-jurisdiction regulatory alignment (PIPL/GDPR), and driving measurable ROI through strategic prioritization and financial governance. PMP certified; bilingual English-Mandarin.

Professional Experience

BPCE ES (Groupe BPCE, France) | IT PM Reports to: COO

Nov 2022 – Present

- Served as primary IT-business interface for China, reporting to the COO. Translated business strategy into a prioritized portfolio of IT initiatives across 3 core systems—owning the full lifecycle from demand shaping and business-case development through UAT, go-live, and operational handover.
- Built commercial business cases that secured HQ engineering priority and Phase 2 funding under competitive cost-allocation, despite China's small share of global revenue. Positioned local requirements as accelerators for enterprise-wide strategic KPIs.
- Managed P&L and cash-out dual-dimension IT budget governance; evaluated build-vs-benefit trade-offs to drive HQ prioritization decisions. Delivered a centralized deployment model projected to reduce global maintenance costs by 70%, adopted as a replicable template across all entities.
- Led China-side PIPL compliance for overseas-hosted banking platforms—delivered PIPIA and end-to-end data mapping with local counsel and EU data protection teams, sustaining PIPL/GDPR dual-jurisdiction alignment over 2 years. Achieved first global go-live among all entities with 100% business adoption in 2 months and zero critical production defects.

NCR Corporation | Program Manager, PMO

Sep 2016 – Nov 2022

- Managed a \$50M+ IT delivery portfolio across Greater China—15+ concurrent projects spanning 2 industry verticals. Ranked #1 APAC ROI for 3 consecutive years through strategic prioritization and cross-project resource optimization.
- Led vendor selection, SLA negotiation, and contract governance across the portfolio; served as SME in RFP and quarterly business reviews. Built cross-functional coordination bridging sales, operations, and engineering.
- Delivered 20+ production releases with zero major deployment failures; zero financial-compliance incidents across a 3-year audit cycle.

WuXi AppTec | Senior Project Manager, Commercial Operations

May 2015 – Aug 2016

Led cross-functional projects spanning laboratory data governance, multi-site progress tracking, and Lean Six Sigma process improvement.

Hertz RAC | Customer Care Supervisor

Dec 2011 – Apr 2015

Developed standardization frameworks and vendor performance scorecards for post-sales operations; reported directly to China President (SVP).
